TRANSITION SERVICES—BEGINNING EARLY

WHAT ARE TRANSITION SERVICES?

The IDEA 2004 Requirement states:

Transition Services is a coordinated set of activities for a student, designed within an outcome-oriented process that promotes movement from school to post-school activities, including post-secondary education, vocational training, integrated employment (including supported education), continuing and adult education, adult services, independent living, or community participation.

The Transition Forums 7:00—9:00 PM Each Session

The purpose of these forums is to provide parents, students, staff and other stakeholders in the community with information about transition planning, community agencies and resources that help a student's transition from school to adult life. For more information, call ACA – (734) 662-1256 or SISS – (734) 994-2318.
