

“Coping with Crisis”

Dear Skyline Parent or Guardian:

The Ann Arbor Public School district has been coping with a series of difficult situations over the past few weeks. Staff, students and families have shown sensitivity and concern to the families and students involved in these situations. We know that these events have heightened parent and student awareness and that several parents and students have expressed concern about how to cope with difficult events.

Pioneer High School will be hosting a district wide meeting next Wednesday, February 11, at 7:30 p.m. in Schreiber Auditorium. District staff and other crisis professionals from the community will have suggestions for coping with crisis. They will share information on responses to trauma, grief and depression and when and where to go for additional help. There will also be a brief overview of the district's crisis response protocol as well as an introduction of district crisis response team members.

The content of this meeting is appropriate for high school students and adults. Please consider this if you are thinking about bringing your younger child.

Sincerely,

Sulura W. Jackson
Principal
